Dear Ron:

Thanks for your letter informing me that HFH had arrived. This has all been quite an unusual experience. I have now done booksignings in 32 cities, with at least a few more to come.

The immediate reason for my writing is to inquire whether you will be in your home station on June 9. Jan and I are considering undertaking a tour billed as "Tomas Jefferson's France." It is sponsored jointly by the University of Virginia Alumna Association and the Thomas Jefferson Memorial Foundation, which runs Monticello. The tour will depart Marseille by boat and go up the Rhône river stopping off at numerous places.

We will begin by flying into Marseille. If you are going to be around on June 9 and the distance is not too great, we could at least consider the idea of trying to get together with you. We need to check in on the boat some time on the afternoon of June 10. In any case, I would appreciate hearing from you at your convenience as to whether it might be feasible to have a brief visit with you as a prelude to this tour.

I hope that this fine 1995 off to a good start with you and your family. Although officially retired, I am again teaching my Appellate Courts course this spring semester. For the first time, I have a casebook, just published by Michie. My guess is that this may be my last hurrah in the classroom. I am sensing the desire for more flexibility in the future and more time to do other things that are of interest.

Sincerely,

Daniel J. Meador

P.S. Since dictating the above, I have learned that I should make airline reservations as soon as possible, if I am going on this trip. Thus, I would appreciate hearing from you as soon as possible.
