2/ E/CONF.80/10.

Consultation on Developmental Social Welfare Policies and Programmes, held at Vienna from 7 to 15 September 1987,

Bearing in mind that 1987 marks the mid-point of the United Nations Decade of Disabled Persons and that, in the review being conducted on the implementation of the World Programme of Action, the most important criteria for evaluation are suggested by the theme of the International Year of Disabled Persons, "Full participation and equality",

Noting with satisfaction the concrete measures already carried out by the Governments of Member States, the bodies and organizations of the United Nations system and non-governmental organizations to implement the objectives of the World Programme of Action within the framework of the United Nations Decade of Disabled Persons,

Noting the important work currently being undertaken by the Sub-Commission on the Prevention of Discrimination and Protection of Minorities on human rights and disability, which could serve as a useful basis for the continued efforts to ensure for disabled persons the enjoyment of human rights and fundamental freedoms.

Noting with appreciation the steps taken by the United Nations system and by the non-governmental organizations concerned to monitor the implementation of the World Programme of Action,

Reiterating the need to give greater publicity to revitalize the United Nations Decade of Disabled Persons,

Recognizing the pivotal role of the United Nations in promoting the exchange of information, experience and expertise and closer regional and interregional co-operation towards more effective strategies and policies to advance the status and welfare of persons with disabilities,

Stressing that the Centre for Social Development and Humanitarian Affairs is the focal point within the United Nations for the implementation and monitoring of the World Programme of Action,

Concerned that, at the mid-point of the Decade, the resource base of the Voluntary Fund for the United Nations Decade of Disabled Persons is significantly reduced from that prevailing during the first half of the Decade, and that unless this trend is reversed, the resources of the Fund will be depleted and operational activities will lapse well before the end of the decade in 1992,

Mindful that, since developing countries are experiencing difficulties in mobilizing resources, international co-operation should be encouraged to assist national efforts in implementing the World Programme of Action and the objectives of the United Nations Decade of Disabled Persons,

Taking note with appreciation of the report of the Secretary-General on the implementation of the World Programme of Action concerning Disabled Persons and the United Nations Decade of Disabled Persons, 3/

Also taking note with appreciation of the report of the Secretary-General on the evaluation of the implementation of the World Programme of Action concerning Disabled Persons during the first half of the United Nations Decade of Disabled Persons, 4/

1. Reaffirms the validity of the World Programme of Action concerning Disabled Persons and urges Member States to rededicate themselves to the early and effective implementation of the Programme;

2. Invites those Member States that have not done so to establish national committees in consultation with disabled persons and their organizations as focal points for the United Nations Decade of Disabled Persons;

3. Invites once again Member States to reinforce national committees as focal points for the United Nations Decade of Disabled Persons, to stimulate activities at the national level, to mobilize public opinion on behalf of the Decade, to participate in the implementation of disability projects with regard to the International Year of Disabled Persons and to assist in monitoring and evaluating the implementation of the World Programme of Action concerning Disabled Persons during the second half of the Decade;

4. Requests the Secretary-General to consider convening, within existing resources, during the second half of the Decade, an interregional meeting of representatives of national disability committees with a view to enhancing the capabilities of such committees through an exchange of views and information;

5. Invites Member States to incorporate in their national development plans and strategies projects to assist persons with disabilities and to include such projects in the country programmes of the United Nations Development Programmes;

6. Renews its invitation to all States to give high priority to projects concerning the prevention of disabilities, rehabilitation and the equalization of opportunities for disabled persons within the framework of bilateral assistance;

7. Requests the Secretary-General to consider, within existing resources, alternative management structures to ensure that the issue of disability is accorded high visibility and to develop the Disabled Persons Unit in the Centre for Social Development and Humanitarian Affairs as a specialized facilitating agent engaging the available resources of the United Nations system and relevant networks outside the United Nations;

10. Invites the Centre to expand its close collaboration with non-governmental organizations and to consult with them on a regular and systematic basis on matters relating to the implementation of the World Programme of Action;

11. Calls upon Member States, national committees, the United Nations system and non-governmental organizations to assist in a global information campaign to publicize the Decade through all appropriate means;

13. Requests the Secretary-General to continue to administer donated funds, using them for projects under the present structure of the Voluntary Fund for the United Nations Decade of Disabled Persons, and, in addition, to continue to make new provisions in order to offer a selection of projects to donor countries that might be willing to finance a particular programme under the "Special Purpose Contributions";

14. Reaffirms that the resources of the Voluntary Fund should be used to support catalytic and innovative activities in order to implement further the objectives of the World Programme of Action within the framework of the United Nations Decade of Disabled Persons, with priority given, as appropriate, to programmes and projects of the least developed countries;

15. Invites Governments and non-governmental organizations to continue their contributions to the Voluntary Fund, and calls upon Governments and non-governmental organizations that have not yet done so to consider contributing to the Fund so as to enable it to respond effectively to the growing demand for assistance;

16. Expresses its appreciation to the Government of Sweden for hosting the Global Meeting of Experts to review the implementation of the World Programme of Action concerning Disabled Persons at the mid-point of the United Nations Decade of Disabled Persons, held at Stockholm from 17 to 22 August 1987, and to the experts who participated;

17. Requests Member States and all relevant bodies and organs of the United Nations system to submit to the Secretary-General their comments on the recommendations outlined in paragraphs 10 to 39 of the report of the Global Meeting of Experts, 5/ as well as on the report of the Secretary-General on the evaluation of the implementation of the World Programme of Action concerning Disabled Persons during the first half of the United Nations Decade of Disabled Persons 4/ and requests the Secretary-General to submit a report thereon to the Economic and Social Council at its first regular session in 1988;

18. Requests the Secretary-General to report to the General Assembly at its forty-third session on the implementation of the present resolution;

19. Decides to include in the provisional agenda of its forty-third session the item entitled "Implementation of the World Programme of Action concerning Disabled Persons and the United Nations Decade of Disabled Persons".
